TO: Members of the Visiting Committee for the Yale Graduate School

FROM: Leonard Krieger

RE: Current Project of the Committee

Since only two members of the Committee have indicated a willingness and/or ability to visit New Haven in September 1978 there will be no visit by the Committee this year. But I have written to the new Dean, Professor Wendell A. Garner, requesting both the circularization to you all of certain information that is within the capacity of his office and his cooperation of those of you who would like to visit Yale as individuals on behalf of the Committee. Indeed, I urge you to do so and to report your findings either to me or to the rest of the Committee. The members of the Committee remain as they have been, with the following changes which I should like you to note: 1. Professor Joshua Lederberg has become President of Rockefeller University and has as his new address the Office of the President, Rockefeller University, New York, New York, 10021; 2. Professor Theodore Ziolkowski has been added to the Committee and has as his address Department of Germanic Languages and Literatures, Princeton University, Princeton, New Jersey 08540.

I have asked Dean Garner to send us information about the following: 1. The numbers of faculty in each department teaching undergraduates and graduates respectively (with the numbers of courses on each level for those who teach on both levels); 2. The numbers of graduate students and undergraduate majors in each department; 3. The numbers of undergraduate and graduate courses actually offered by each department over the past two years. You should be getting information on these subjects from the Graduate School or from Larry Noble's office, and I should like your ideas about further information that can be provided through these channels. In any case, much will still depend on interviews, whether on an individual basis this year or, more formally, on the occasion of the Committee visit in September 1979. I look forward to hearing from you and, ultimately, to seeing you all.

Dear President Lederberg,

I am sure that if you write to Dean Garner or to Larry Noble, executive secretary of the Yale University Council, whatever accommodations and interviews you desire can be arranged.
